

MORSERINO NOTES (N3GE) 05/14/2021

HAM RADIO SOLUTIONS

USB PADDLE INTERFACE (DONGLE) W/MORSERINO

On Morserino: CW Keyer <RET>

On Computer: Open WWW.HamRadio.solutions

Select Settings & setup as shown below

Select Channels & “X” out speaker on far right side

Wire as shown below:

- A/ Dongle into USB port of computer
- B/ Dongle into “Radio” jack of Morserino
- C/ Paddles into “Paddle” jack of Morserino
- D/ Ear buds into “Headphone” jack of Morserino

Listen to your output CW through one ear bud (not thru computer). This resolves latency problems.
